

# Close Personal Contact Information

If you receive a positive COVID-19 test, the Shelby County Health Department will call you asking for the information below.

The CDC defines close personal contact as anyone who has been **within 6 feet** of a person infected with the virus **for over 10 minutes**, or has had direct contact with the infected person's secretions.

Please write in the lines below, who you have been **within 6 feet of for longer than 10 minutes since two days before your symptoms first appeared**. These people may have been exposed to COVID-19 while you were ill and need to be contacted by the Shelby County Health Department for guidance on care and isolation.

Please complete this information to the best of your ability. Please include as much information as you can.
