MARTIN LUTHER KING, JR. AMERICORPS DAY OF SERVICE

MONDAY, JANUARY 19TH, 2026

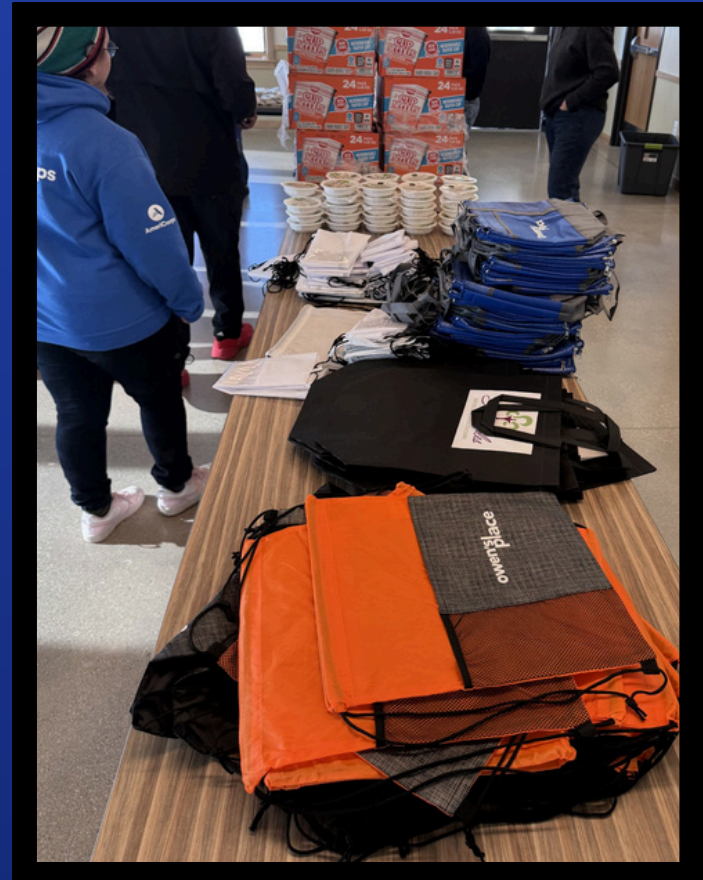

Members started the day by listening to a few of Dr. King's speeches on vinyl. They then had conversations about Dr. King's impact and how his work is reflected in society today.

Members broke up into small groups and discussed four different quotes from Dr. King and reflected on the meaning and impact of each quote.

Following the remembrance of Dr. King, members began assembling the mental health kits for communities.

A special shoutout to our Committee members (left) who helped put together this Day of Service.
